

King's College London, Department of Digital Humanities, **Centre for e-Research (CeRch)**

is seeking a Research Developer in dynamic web development including implementation of front-end interfaces. The Researcher will work across two major European Commission funded research infrastructure projects: the European Holocaust Research Infrastructure (EHRI) (

[www.ehri-project.eu](http://www.ehri-project.eu)

) and Data Service Infrastructure for the Social Sciences and the Humanities (Dasish) (

[www.dasish.eu](http://www.dasish.eu)

) projects. Her/his role will be to analyse research practices and translate and implement these in a Virtual Research Environment and research registries.

The closing date for receipt of applications is **28th December 2012**.
