

General VCC meeting - Vienna - 28th-30th November - **Update 23th November**

28th November

11:00-12:00

15 minutes

VCC in a nutshell

Sophie David, Laurents Sesink

Presentations should focus on a service or services which you display at a national level, i.e. existing services which can be provided immediately, or with some adjustments, to the Dariah community. You could specify if your service meets the proposed Dariah criteria (cf. the file "types-offers-and-involvement", where some requirements are listed, regarding standards, availability of the service, licenses, conditions of use and reuse, etc.). You could also specify who the users are (in particular, specify their geographical origin). During your presentation, a short demo would be welcome.

	Session 1	13:30-17:15	
		Curation	
1	13:30-13:50	Bertrand Gaiffe	A large newspaper corpus available under a CC (By, NC, SA) licence
